

Proximity reader designed for use in access control systems with the highest level of security requirements. PRT12MF-DES can read numbers (SSN and MSN) stored in encrypted memory sectors of MIFARE Classic, MIFARE Plus and MIFARE DESFire EV1/EV2/EV3 proximity cards. Both data and communication protocols of such cards are

protected by encryption algorithms AES128bit (MIFARE Plus) and DES, DES3, 3KDES (MIFARE DESFire EV1/EV2/EV3). Reader operates as a slave unit connected to access controller and is dedicated to read card number (and/or PIN) and transmit data to controller which makes final decision on system reaction.

Features:

- power supply 12 VDC
- average current consumption 85 mA (60 mA for version without keypad)
- ISO/IEC 14443A/MIFARE Ultralight, Classic, DESFire EV1/EV2/EV3, Plus cards
- reads CSN, MSN or SSN number
- reading distance up to 6 cm
- data output formats: RACS CLK/DTA, Wiegand 26-66bit
- three LED indicators
- LED and Buzzer controlled through separate inputs
- Buzzer loudness and keypad backlight level control
- two function keys
- tamper alarm (both enclosure opening and detachment)
- connecting cable 0.5 m
- configuration with computer (RogerVDM software)
- outdoor/indoor installation
- IP65
- environmental conditions of operation:
 - temperature from -25°C to +60°C
 - humidity from 10% to 95%
- dimensions (height x width x depth):
 - with standard enclosure base: 152.5 x 46.0 x 23.0 mm
 - with extended enclosure base: 152.5 x 46.0 x 35.0 mm
- weight: ≈150.0 g
- CE mark

Ordering guide	
Item	Description
PRT12MF-DES	MIFARE Classic/Plus/DESFire outdoor proximity reader with keypad
PRT12MF-DES-BK	MIFARE Classic/Plus/DESFire outdoor proximity reader
